

FIELD CORPS MARCHING HARDWARE

MS-8200 SERIES FIELD CORPS MARCHING STANDS

UNIVERSAL FEATURES

Single-Bolt Leveling Adjustment

Easily set the angle of snare and tom drums independently of the carrier to adapt to any terrain

Hexrack Core

Extremely durable and lightweight - allowing for quick leg adjustment

Sturdy Widebody Channel Leg

Adjustable to accommodate fields to grandstands

Non-Slip Rubber Feet

Soft feet secure the base of the stand and protect the bass drum finish

Front Leg Adjustment

Accommodates bleachers and various terrain

Height Adjustment

Memory lock

Quick set up and secure mounting

Quick Lock

Mounting System

Simple mounts lock snares and tenor drums in place to protect both the instrument and player

MC-9600 SERIES FIELD CORPS MARCHING CARRIERS

UNIVERSAL FEATURES

Form Fit Design

Wedged shoulder and back bar padding comfortably sink inward and lock into place, allowing players to perform aggressive body movements and choreography with confidence

Uniform Guards

Recessed drum key bolts protect uniforms from excess wear and tear

High-Performance Padding

Athletic moisture-wicking fabric promotes airflow that keeps players cool while resisting odors. Removable, washable padding is quick-drying, and provides optimal comfort & support

Adjustable Torso Height

Easily customizable to provide a comfortable fit for a wide variety of body types

Player Side Adjustments

Each component may be adjusted with a standard drum key while wearing the carrier, making customization quick and easy

Memory Locks

Featuring the iconic Yamaha racing blue accents preserve the optimal position of J-rods for easy setup

Tilt Adjustment

Allows for a tilted or flat playing surface for snare drums

MC-9600 SERIES FIELD CORPS MARCHING CARRIERS

TENOR CARRIER FEATURES

Quick Lock Mounting System

Simple mounts lock snares and tenor drums in place to protect both the instrument and player

Single Bolt Level Adjustment

Allows for quick player side level adjustment of snare and tenor drums with the twist of a single bolt

Modular Tom Rail Mount

Allows for various tenor drum configurations

Hexrack Tom Rail

Lightweight and durable, allows for various player adjustments with smooth and quiet operation

BASS CARRIER FEATURES

Locking J-Hook

Securely mounts to the eye bolts of the bass drum and allows player to keep the carrier on the bass drum while mounting or dismounting

Adjustable J-Rods

Easily position the bass drum and distribute weight evenly while soft rubber feet protect the bass drum finish

Optional J-Rods*

Accommodates 14" to 18" bass drums

*Items sold separately

OUR LEGACY

Yamaha Marching Hardware is the culmination of 55+ years crafting industry-standard drum hardware paired with 40+ years empowering world-class DCI and WGI performing groups with exceptional marching instruments.

The Yamaha racing blue accent on each carrier and stand is a subtle nod to our racing teams and shared passion for performance.

Developed and field tested under the harshest conditions, the philosophy of Yamaha Marching Hardware is Simplicity + Durability = Reliability. Every product is built to provide years of reliable service, so you can focus on the music.
